

African Infrastructure Showcase

October 17, 2007

2:00 pm – 5:30 pm

Toronto Marriott Eaton Centre

Ontario and Canadian companies are leading the way in major infrastructure investment projects in Africa ranging from SNC Lavalin's nuclear reactor and Bombardier's Gautrain rail project in South Africa to CIC Energy's coal plant in Botswana. The Ontario Ministry of Economic Development and Trade in association with the Canada-South Africa Chamber of Business invite you to join us at this half-day seminar to hear firsthand from these companies about the current status of their projects and their experiences in doing business in Africa. You will also learn how they identified the opportunity in Africa and what potential spin-off opportunities might exist for your business. The session will also be an excellent opportunity to meet and network with senior executives from top Canadian companies currently doing business in Africa.

Presenting companies include Alcan, Bombardier, CIC Energy Corp, Export Development Canada, Hatch, International Finance Corporation, MagIndustries, SNC Lavalin, and Sherritt International Corp.

Registration

There is no charge to participate but pre-registration is required. Please complete and return this form by fax to 416-588-7504 or email: bshapiro@canadasachamber.com
